What should your link look like?

TheatreID.formovietickets.com:2235

When your link is selected it will direct you to a page with your showtimes and pricing. Patrons then select their desired time and number of tickets and check out using a secure payment method.

Implementation

This option allows you to sell tickets online using our layout.

- Using the link provided (TheatreID.formovietickets.com:2235) will give your developer all the information they need in order to create a link to your RTN page.

What about the style?

Your web designer creates a HTML Style Sheet, and sends it to RTS Technical Support. Support will then add it to your RTN Page and your newly styled page will be available for your patrons to purchase tickets.

Open Interface-API

This option allows you to create any style, layout, & function that you desire.

- Using the link provided will give your developer all the information they need in order to implement the content.
- Using our API allows you to have your own website pull the schedule built within RTS.
